

## Translation Project

I find it highly interesting how translators got in contact with Weber Electrodynamics. The translators describe this in Chapter 3 (page 15 onward) of [Vol 1](#).

The 4 volumes of the book Wilhelm Weber's Main Works on Electrodynamics Translated into English have been published. They are available in PDF format on the homepage of André Assis:

<http://www.ifi.unicamp.br/~assis/Weber-in-English-Vol-1.pdf>

<http://www.ifi.unicamp.br/~assis/Weber-in-English-Vol-2.pdf>

<http://www.ifi.unicamp.br/~assis/Weber-in-English-Vol-3.pdf>

<http://www.ifi.unicamp.br/~assis/Weber-in-English-Vol-4.pdf>

The printed copies can be ordered through Amazon:

Volume 1: <https://www.amazon.com/dp/1987980239>

Volume 2: <https://www.amazon.com/dp/1987980255>

Volume 3: <https://www.amazon.com/dp/1987980271>

Volume 4: <https://www.amazon.com/dp/1987980298>
